Dear Bob Narozanick:

I just wanted to express my appreciation for the excellent job that was done on our track. In the 20 years I have been here at Winter Park High School, this is the 3rd time we have had our track surface redone and in my opinion this is the best work I have seen. There are several things that you did that were above and beyond but mainly the fact that your company took such pride in their work to produce a quality product. As I visited everyday I got a first hand view to the quality of work your company does and I was very impressed. We are very pleased with the work that was done. Thank you very much.

Thank you,

Michael C. Brown
Athletic Director
Winter Park High School
